”...The obstacle is the way.”

Summary

After 12 years overseas, I've recently returned to the UK to complete a career pivot from education to web development. I pride myself on being a lifelong learner, and a team player. I'm a determined individual committed to making meaningful contributions to innovative projects and initiatives. Willing to relocate and eager to get started.

Technical Skills

HTML · CSS · Javascript · React · Next.js · UI/UX · Version Control (Git) · SASS/SCSS · MUI · Tailwind · Node.js · APIs · NPM · CMS
